Education

Indian Institute of Information Technology Vadodara

2020 - Present

Bachelor of Technology (Computer Science and Engineering) | CPI - 7.39

Experience

Frontend Intern - Project Cafe Technologies (Remote)

May 2023 - Jul 2023

- Developed scalable and responsive web applications using React.js and related technologies.
 - Utilized state management libraries (e.g., Redux) to efficiently manage application data and ensure seamless interactions.
 - Integrated RESTful APIs to fetch and display dynamic data.
-

Projects

Portfolio Website 

- Design and build a responsive portfolio website using Next.js, TypeScript, Tailwind CSS, and Framer Motion.
- Created an eye-catching portfolio with dynamic data rendering and captivating animations.
- Received positive feedback for the website's design, performance, and user experience.

Netflix-Clone 

- Independently developed a Netflix clone project using React, Redux, Firebase, and Google authentication.
- Utilized Redux for efficient state management.
- Integrated Firebase to store and retrieve data.

Food Talk 

- Experience a seamless and intuitive food ordering experience through my React.js-based Food Ordering App.
- This dynamic application showcases a curated selection of meals, fetched in real-time from Firebase, coupled with a sleek and captivating user interface.
- The app boasts essential functionalities, including the ability to add items to the cart and remove them at will

Stock-Pulse 

- Developed Stock Pulse, a React.js app, to display real-time stock prices for multinational corporations.
- Researched and integrated stock market APIs, designed a modular dashboard, and ensured responsiveness. Implemented state management for dynamic updates.

WageWorks

- Developed the payroll management system using Java with NetBeans IDE to creating a user interface to make it easy to use.
 - Integrated the system with the MySQL database to enable easy access to employee data and payroll information.
-

Skills

Programming Java, C, Python, HTML, CSS, JavaScript, TypeScript

Framework React.js, Next.js, Node.js, Tailwind CSS, Redux

VCS Git, GitHub

Database MySQL

React.js **Certificate** from HackerRank
